MEMORANDUM TO FILE

MAIL STOP: AMENDMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants respectfully submit the items of information on this document to assure that the record of this application is accurate on its face. In the original filing of a provisional Application (No. 60/429,713, filed on 27 November 2002) the original **unsigned** provisional declaration listed four inventors as potential inventors. In the filing of Missing Parts mailed 89 March 2004 and received by the U.S. PTO on 11 March 2004, only two of the four originally and provisionally listed inventors on the provisional application signed declarations.

In the interim between the filing of the provisional application and the filing of a non-provisional application (now bearing U.S. Serial No. 10/686,930, filed 16 October 2003, the below signed attorney of record made a determination that the only inventors of the subject matter claimed in the non-provisional application were Leonard Stulc and Truman Frank Kellie. The declaration was prepared, signed and filed with the filing of Missing Parts in accordance with that determination of inventorship by the below-signed attorney of record.

The present declaration therefore reflects the actual status of inventorship determined by the attorney of record for U.S. Patent Application Serial No. 10/686,930, filed 16 October 2003.

Authorization is hereby given to charge any additional fees or credit any overpayments that may be deemed necessary to Deposit Account Number 50-1391.

Respectfully submitted,
LEONARD STULC, et al.
